

Product Data Sheet

Application: External Walls

ISOVER CAVITY WALL SLAB (CWS) 36

Thermal Insulation for External Masonry Cavity Walls

Isover Cavity Wall Slab (CWS) 36 is a glass mineral wool slab providing thermal performance in external masonry cavity walls. Manufactured with a water repellent binder, the strong, resilient and flexible slabs are 455mm wide to fit between standard wall tie spacing.

Features and Benefits

Thermal Performance

Thermal conductivity of 0.036 W/m.K. Helps to reduce heat loss within the building envelope and decrease energy costs.

BBA Certified

Cavity Wall Slab (CWS) 36 has been assessed by the BBA as fit for use in defined full fill and partial fill masonry cavity wall applications if installed, used and maintained as set out in the certificate. Please read the certification at isover.co.uk/BBA for full details and restrictions.

Sustainability

Manufactured from up to 82% recycled glass on a plant that uses 100% renewable electricity. For further details, see the Environmental section below or visit isover.co.uk/CSR

Fire Classification

Achieves a Euroclass A1 Reaction to Fire classification, according to EN 13501-1.

Easy to Install

Slabs are 455mm wide to fit standard wall tie spacing for straightforward installation. No requirement for retaining discs when fully filling the cavity.

Key Considerations

When using Isover Cavity Wall Slab (CWS) 36, you need to satisfy yourself that use of the product meets all relevant national Building Regulations and guidance as well as local, national and other applicable standards relevant for your construction or application, including requirements in relation to fire and applicable height restrictions.

Please refer to the following product documents which are available at isover.co.uk/products/isover-cavity-wall-slab-cws-36 (product properties) and isover.co.uk/healthandsafety (safety properties):

- BBA certificate
- Declaration of Performance
- Safe Use Instruction Sheet

Characteristics

Thermal	Declared thermal conductivity of 0.036 W/m.K under EN 13162: Thermal insulation products for buildings. Factory made mineral wool (MW) products.	Certification	UKCA Marked to BS EN 13162. CE Marked to EN 13162. Designation code: MW-EN 13162-T4-WS. BBA Approved (Cert No: 18/5560) for full fill and partial fill masonry cavity wall applications when installed, used and maintained as set out in the certification. Please visit isover.co.uk/BBA to read the full certification for details and restrictions.
Fire	Euroclass A1 Reaction to Fire classification according to EN 13501-1.	Handling, Storage, Health and Safety	Information regarding storage, installation and handling of Isover products and health & safety information can be found at isover.co.uk/healthandsafety .
Environmental	All Isover products are manufactured under Environmental Management System - ISO 14001:2015.	Quality	All Isover products are manufactured under Quality Management Standard - ISO 9001.
Recycled Content	Manufactured from up to 82% recycled glass.
