

Product Data Sheet

Application: Built-up metal roofs and walls

ISOVER CLADDING ROLL 37

Thermal Insulation for built-up metal roofs and walls

Isover Cladding Roll 37 is a glass mineral wool roll insulation for use in built-up metal roofs and walls. The range is supplied in 1.2 m wide rolls for quicker coverage of large areas. It also reduces the transmission of airborne sound by trapping sound energy and helping to improve the acoustic comfort of those working within the building.

Features and Benefits

Thermal Performance

Thermal conductivity of 0.037 W/m.K. Helps to reduce heat loss within the building envelope and as a result decreases energy costs.

Acoustic Benefits

The fibre structure of glass mineral wool traps sound energy helping to improve the acoustic comfort of those working within the building.

Fire Classification

Achieves a Euroclass A1 Reaction to Fire classification, according to EN 13501-1.

Sustainability

Manufactured from up to 82% recycled glass with all electric equipment in the plant powered by 100% renewable electricity. For further details visit [isover.co.uk/CSR](https://www.isover.co.uk/CSR)

Key Considerations

When using Isover Cladding Roll 37, you need to satisfy yourself that use of the product meets all relevant national Building Regulations and guidance as well as local, national and other applicable standards relevant for your construction or application, including requirements in relation to fire and applicable height restrictions.

Please refer to the following product documents:

- Declaration of Performance - available at isover.co.uk/products/isover-cladding-roll-37
- Safe Use Instruction Sheet - available at isover.co.uk/healthandsafety

Product Specification

Product code	Thickness (mm)	Length (m)	Width (m)	Roll area (m ²)	Rolls per pallet	Pallet area (m ²)	AD Declared thermal conductivity (W/m.K)	RD Declared thermal resistance (m ² .K/W)
5200625394	120	5.05	1.20	6.06	24	145.44	0.037	3.20

Characteristics

Thermal Declared thermal conductivity of 0.037 W/m.K under EN 13162: Thermal insulation products for buildings. Factory made mineral wool (MW) products.

Fire Euroclass A1 Reaction to Fire classification according to EN 13501-1.

Environmental All Isover products are manufactured under Environmental Management System - ISO 14001:2015.

Recycled Content Manufactured from up to 82% recycled glass.

Certification UKCA Marked to BS EN 13162.
CE marked to EN 13162.
Designation code: MW-EN 13162-T1.

Handling, Storage, Health and Safety Information regarding storage, installation and handling of Isover products and health & safety information can be found at isover.co.uk/healthandsafety. Achieves a Eurofins Gold product status for indoor air quality (certificate available at isover.co.uk/Eurofins). EUCEB certified, demonstrating our mineral wool fibre products conform with Note Q of Regulation (EC) No 1272/2008 (to download the certification, please visit isover.co.uk/accreditations.)

Quality All Isover products are manufactured under Quality Management Standard - ISO 9001. Please visit isover.co.uk/accreditations for further details.
