

Product Data Sheet

Application: Pitched Roofs

SPACESAVER READY-CUT

Thermal Insulation for Pitched Roof Joist Applications

Spacesaver Ready-Cut is a glass mineral wool roll, which is pre-cut to fit between common joist spacing at ceiling level. It is supplied in longer-length rolls to help increase the speed of installation and ensure more efficient delivery and storage. Other products within the range include Spacesaver, Spacesaver Lite and Spacesaver Plus.

Spacesaver Ready-Cut can also be considered for use between the joists in suspended timber ground floors and flat roofs.

Features and Benefits

Thermal Performance

Thermal conductivity of 0.044 W/m.K. Helps to reduce heat loss within the building envelope and decrease energy costs.

Fire Classification

Achieves a Euroclass A1 Reaction to Fire classification, according to EN 13501-1.

Easy to Install

Supplied in longer-roll lengths for quick and easy installation, maximising on-site efficiency. The rolls are pre-cut (3 x 386 and 2 x 580mm widths) to fit common joist spacing.

Sustainability

Manufactured from up to 82% recycled glass on a plant that uses 100% renewable electricity. For further details, see the Environmental section below or visit [insulation-uk.com/CSR](https://www.insulation-uk.com/CSR)

Key Considerations

When using ISOVER Spacesaver Ready-Cut, you need to satisfy yourself that use of the product meets all relevant national Building Regulations and guidance as well as local, national and other applicable standards relevant for your construction or application, including requirements in relation to fire and applicable height restrictions.

Please refer to the following product documents:

- Declaration of Performance - available at insulation-uk.com/dop
- Safe Use Instruction Sheet - available at insulation-uk.com/healthandsafety

Product Specification

Characteristics

Thermal	Declared thermal conductivity of 0.044 W/m.K under EN 13162: Thermal insulation products for buildings. Factory made mineral wool (MW) products.	Handling, Storage, Health and Safety Information regarding storage, installation and handling of ISOVER products and health & safety information can be found at insulation-uk.com/healthandsafety . Achieves a Eurofins Gold product status for indoor air quality (certificate available at insulation-uk.com/Eurofins). EUCEB certified, demonstrating our mineral wool fibre products conform with Note Q of Regulation (EC) No 1272/2008 (to download the certification, please visit insulation-uk.com/accreditations).
Fire	Euroclass A1 Reaction to Fire classification according to EN 13501-1.	
Environmental	All Isover products are manufactured under Environmental Management System - ISO 14001:2015.	
Recycled Content	Manufactured from up to 82% recycled glass.	
Certification	UKCA Marked to BS EN 13162. CE marked to EN 13162. Designation code: MW-EN 13162-T1.	
Quality	Manufactured under Quality Management Standard - ISO 9001. Please visit insulation-uk.com/accreditations for further details.
